

Stria is a digital transformation company whose purpose is to positively impact lives and livelihoods. Stria uses advanced technology to automate business processes for our clients. Primarily, this work centers on building and/or integrating software applications. For processes that cannot be automated, Stria's staff provide hands-on services in areas such as scanning, mail processing, records management, data entry and more.

The company serves several vertical markets including agriculture, energy, government, health care, financial services, and retail.

The company is a privately held, forward-leaning organization that offers flexible schedules, good pay, a superb culture, and the opportunity to make a difference in the world. An ability to work in a fast-paced environment and strong attention to detail are essential. More information can be found online at www.Stria.com/careers.

Position Title

Project Manager

Position Summary

The Project Manager is an integral member of the Stria team responsible for overseeing projects of varying size and complexity. The Project Manager is responsible for reporting on, organizing and controlling project activities, under the direction of the Director of Project Management. This cross functional position has significant interaction with V.P of Sales, Directors, CEO and clients.

Qualifications (Knowledge, Skills, Abilities)

- Knowledge of: principles and processes for providing customer and personal services including customer needs assessment, meeting quality standards for services, and evaluation of customer satisfaction; administrative and clerical procedures and systems, managing software configuration efforts, and other office procedures and terminology.
- Business and management principles involved in strategic planning, resource allocation, human resources modeling, leadership technique, production methods, and coordination of people and resources.
- Skill in: considering the relative costs and benefits of potential actions to choose the most appropriate option; motivating, developing, and directing people as they work, identifying the best people for the job.
- Ability to: communicate verbally and in writing at a level commensurate with engaging executives, management, and clients; interface with Stria's "back office" SMEs in the areas of information technology, human resources, accounting, etc.
- CAPM or PMP certification preferred

Qualifications (Knowledge, Skills, Abilities)

- Knowledge of: principles and processes for providing customer and personal services including customer needs assessment, meeting quality standards for services, and evaluation of customer satisfaction; administrative and clerical procedures and systems, managing files and records, and other office procedures and terminology.
- Knowledge of business and management principles involved in strategic planning, resource allocation, human resources modeling, leadership technique, production methods, and coordination of people and resources.
- Skill in: considering the relative costs and benefits of potential actions to choose the most appropriate option; motivating, developing, and directing people as they work, identifying the best people for the job.

- Ability to: communicate verbally and in writing at a level commensurate with engaging executives, management, and clients; interface with Stria's "back office" SMEs in the areas of information technology, human resources, accounting, etc.
- CAPM or PMP certification preferred

Physical Demands and Work Environment

The physical demands described here are representative of those that must be met by an employee to successfully perform the essential functions of this position. Reasonable accommodations may be made to enable individuals with disabilities to perform the functions. While performing the duties of this position, the employee is regularly required to talk or hear. The employee frequently is required to use hands or fingers, handle or feel objects, tools, or controls. The employee is occasionally required to stand; walk; sit; and reach with hands and arms. The employee must occasionally lift and/or move up to 25 pounds. Specific vision abilities required by this position include close vision, distance vision, and the ability to adjust focus. The noise level in the work environment is usually low to moderate.

Note

This job description in no way states or implies that these are the only duties to be performed by the employee(s) incumbent in this position. Employees will be required to follow any other job-related instructions and to perform any other job-related duties requested by any person authorized to give instructions or assignments. All duties and responsibilities are essential functions and requirements and are subject to possible modification to reasonably accommodate individuals with disabilities. To perform this job successfully, the incumbents will possess the skills, aptitudes, and abilities to perform each duty proficiently. Some requirements may exclude individuals who pose a direct threat or significant risk to the health or safety of themselves or others. The requirements listed in this document are the minimum levels of knowledge, skills, or abilities. This document does not create an employment contract, implied or otherwise, other than an "at will" relationship. The company is an Equal Opportunity Employer, drug free workplace, and complies with ADA regulations as applicable.
